Village Deli Is Getting an *Extreme Makeover!*

You may be wondering what prompted this extreme makeover. For the past two years, Village Deli has been transitioning from a convenience store into a neighborhood café and gourmet delicatessen. We've always focused on providing you with lightning fast service and freshly prepared food, but now we'd like to make your experience more enjoyable by offering a more comfortable and cozy décor. A whole new look deserves a whole new name. Many of you helped us determine a new name by writing your ideas and suggestions on the white board. We narrowed the choices down and asked you to vote for your favorite name. So, we proudly announce that Village Deli will become "Clarksville Café" after the transformation is complete! A big Thank You to all of our customers that participated in this process.

We'd like you to know that the changes aren't all cosmetic. You may have noticed that our menu has recently been updated to provide you with more unique combinations and tastier offerings. You only need to try a new Signature Sandwich or Grilled Panini to see what we're talking about. Free wireless hi-speed internet is available for all customers, so don't forget to bring your laptop. After the extreme makeover is complete, we will be offering an assortment of freshly made salads, sandwiches, and dinner entrees for people on the go. Running late? No time to cook? You'll be able to pick up a freshly prepared family-sized dinner to go! You'll get the same great taste without the wait!

Our "unveiling" will be held at a Grand Re-Opening Event to commence some time this summer. More details and information to follow.

Everything is a getting an extreme makeover these days: homes, wardrobes, and even people! Delis are no exception. This summer Village Deli is going through a complete transformation that will leave it virtually (hopefully) unrecognizable. In addition to the removal of the convenience racks, owners Scott and Vinny plan to clean up the floor, redo the ceiling, add new light fixtures, update all equipment and even makeover the bathroom. So what exactly is staying? Just the same friendly atmosphere, the same great-tasting food, and maybe the chairs.

Happenings at Village Deli

To celebrate St. Patrick's Day this year, Village Deli and Catering hosted a "Luck of the Irish" Texas Hold 'Em Tournament. Students feasted on an all-you-can-eat buffet while they competed in the tournament.

On May 31st, Village Deli will sponsor a second Texas Hold 'Em Tournament and again provide an all-you-can-eat buffet. This time, however, students are encouraged to bring their dads. With Father's Day right around the corner in June, this event will be a great opportunity for high school students and their dads to do something fun and different together. Best of all, Village Deli plans to donate proceeds to HomeFront, a charity that provides resources to struggling families in Mercer County. Details will be posted in the store and online at www.clarksvillecafecatering.com.

During the annual Policeman's Ball on April 14th, 2007, Scott Jackson and Vinny Yandoli, owners of Village Deli and Catering, were awarded the 2006 Businessmen of the Year Award from the Police Benevolent Association of West Windsor, NJ. The honor was bestowed to the owners for their "generous contributions, time, and continuous support to West Windsor Township."

"It's truly an honor and a privilege to receive this award. We do our best to give back to the community whenever we can, so it's nice to be recognized in this way." Both Jackson and Yandoli look forward to sponsoring future events with the community as Clarksville Cafe and Catering. Visit www.clarksvillecafecatering.com to learn more.
